

Hello,

My name is Meghan Brahm I am writing this email is strong opposition to S.B. 1105 regarding the proposed changes to ABA programs in CT. These changes would be detrimental to the many children across our state on the spectrum. Please understand all that goes into an effective ABA program and that there are innumerable factors included in which only a person certified and with the appropriate ABA credentials could appropriately implement. Thank you for your time and please help our children.

Sincerely

Meghan Brahm
